THE BEST AND CHEAPEST STOVES IN the world, or the Wrought Iron Cooking Stoves—made of the best Tennessee Iron, by SNOW, MACKENZIE & It is designated "THE TENNESSEAN," and we offer the fol-lowing good and sufficient reasons why it should be in eve-ry family in the South: ry family in the South:

1st. It is of Southern manifacture, being m
subscribers in the city of Nashville.

2d. It is of such durable materials that it must out-last three or four east iron cooking stoves.

3d. It is more complete in its cooking apparatus than any east iron cooking stove.

4th. It is so simple in its construction that a child can use it. 5th. Its economy of fuel is such, that it does not use half as much fuel as a cast iron stove of the same size. as much fuel as a cast iron stove of the same size.

6th. In the economy of time it is important, as it can be heated ready for cooking in a few minutes.

7th. Its uniform regularity, as every part of the stove is equally heated at the same time.

5th. Its perfect reliability, as we have put up over four hundred of them in this State, and no one has ever failed to give entire satisfaction.

The Tennessean has now been before the public for five

years, and if not as new as some it has another advantage quite as great, viz: a well-enrued reputation and a rising credit. It has been doing the work of many hundreds of families for several years, and it may be said to have established itself in business. Competition and change have done it no hurt. Like an old and well known trading house that retains its regular custom, while new ones are spring-ing up around it, so this store has held on its way. No store could thus steadily and permanently prosper, that has not sterling qualities—the true element of success. The Tennessean started on right principles, and has had no oc-casion to stop for improvements. These who have used it are determined still to use it, without modification or change. It is brought forward as the same substantial, convenient, business-like store that has served the public so well here-tofore, and that has done its full share in gaining for our stabilishment the security of the public so well here-

establishment the reputation it enjoys, of keeping the best cooking stoves in the market.

MEDICAL.

DR. ROGERS' LIVERWORTH AND TAR FOR THE COMPLETE GURE OF Coughs, Colds, Influence, Asthma, Branchitis, splitting of Blood, and all other Lung Complaints tending to CONSUMPTION. THE GREAT COUGH REMEDY!

will soon "wear itself out?" Let a friend tell you, in all kindness, what will soon be the probable result.

In a short time, if you continue to neglect yourself, you will begin to feel a sense of tightness and oppression across the chest, accompanied with frequent sharp darling pains. Then a dry, backing Cough will set in, and when you raise anything it will be a thick and rellowish, or white frothy matter, streaked, perhaps, with blood. If you still take no medicine, these unpleasant symptoms will increase, and you will soon have Heetic Fever, Cold Chills, Night Sweats, Copious Expectoration, and then Great Prostration. If you still neglect yourself, a few weeks or months will see you consigned to the grave, leaving your friends to mourn how rapidly CONSUMPTION did its work, and hurried you away.—Friend! have you no cause to be alarmed? In the above Friend! have you no cause to be alarmed? In the abov sketch you may see as in a glass, how every case of Con sketch you may see as in a glass, how every case of Consumption progresses, with more or less rapidity, to a fatal termination. Of all the Thousands and Milions whom this great Destroyer has gathered to the tomb, every single case began with a Cold! If this had been attended to, all might have been well but, being neglected, under the fatal delusion that it would "wear itself," it transferred its deadly action to the substance of the Lungs, exciting there the formation of tubercles. Another, and another cold added fuel to the flame, until these tubercles began to soften and suppurate eaving, by their ulceration, great cavities in the Lungs. At his crists, the disease is very difficult of cure, and oftentime sets at defiance all human means.

In the latter or worst stage, this medicine will oftentimes arrest the disease, or check its progress, and will always make the patient more comforts de, and prolong his life, and is therefore worthy of a triat;—but in its incipient or forming periods, Consumption is as curable as any other disease, and

periods, Consumption is as curable as any other disease, and "Dr. Rogers' Syrup of Liverworth, Tar, and Canchalagua," if taken at this time, will core it \*\* AS SURELY AS IT Is TAKEN! 352 This is strong language, but we can refer you to numberless living witnesses to prove that it is TRUE! And therefore, we carnestly exhort every man, woman and child, who has a Cough, or is subject to Colds, to keep medicine by you in the house, and whethever you take Cold, do not "of it alone" to work mischief in your system, but eradicate it there exhibit a town the thir reserve fully bending and cate it thoroughly, at once, by this power, fully healing com-pound and leave your Lungs uninjured, to carry you in full pound and leave | wigor to a good old age! MOTHERS!

Have you delicate, weakly children, who are always taking cold, and subject to Croup? Remember? There never was case of Croup, which did not originate in a Cold? And when your child goes to bed wheering and coughing, you know not that, before morning, Croup may not set in, and ere you can get a Physician, your dear child may be beyond ere you can get a Physician, your dear child may be beyond the reach of help. We beseech you therefore, as you value the lives of your children, keep this medicine by you in the house, and when your little ones take cold and commence coughing, give it to them at once, and rest not until the cough is entirely subdued. We conscientiously aver, after the most extended experience, that if this advice were followed as child used ever no child need ever DIE OF CROUP,

for the cold would be cured, before it could arrive at this aggravated and fatal stage. Let every Mother, especially, heed well these remarks, that she may not hereafter, when mourning over the early blight of some cherished blossom, have occasion bitterly to reproach herself for her criminal neglect. It is an old adage, that "to be forwarned, is to be forearmed." Parents! so let it be in your case.

Be sure to ask for Dr. A. Rogers' Syrop of LIVERWORT, TAR and CANCHALAGUA, and let no other be paimed on you.

Nashville, March 11, 1859. AFFLICTED READ! PHILADELPHIA MEDICAL HOUSE.—Established 15
years ago by DR. KINKELIN. The oldest, surest and
best hand to cure all forms of secret diseases of the skin, and
solitary habits of youth, is DR. KINKELIN, N. W. corner Take Particular Notice.—There is a habit which boysteach each other at the academy or college—a habit in-dulged in when by themselves, in solitude, growing up with dulged in when by themselves, in solitude, growing up with the boy to manhood, and which, if not abandoned in due time, not only begets serious obstacles to matrimonial hap-piness, but gives rise to a series of protracted, insidious and devastating affections. Few of those who indulge in this permitious practice are aware of the consequences, until they find the nervous system is shattered, feel strange and unac-countable feelings, vague fears in the mind. The individual becomes feeble, he is unable to labor with accustomed vig-or, or to apply his mind to study, his step is tardy and weak, he isdulf and irresolute, the countenance is downeast, the eyes without natural lastre, shamefacedness is apparent.

having relinquished the odious practice, he suffers under those terrible necturnal emissions, which weaken and sharm those terrible nocturnal emissions, which weaken and shatne him, producing mental and physical prostration. If he emancipate himself before the practice has done its worst, and enter matrimony, his marriage is unfruitful, and his senses tell him that this is caused by his early follies.

Too many think they will hug the secret to their own hearts, and cure themselves. Alast how often is this a fatal delusion, and how many a promising youth, who might have been an ormanent to society, has faded from the earth.

Young Men !—Let no false modesty deter you from making your case known to one who, from education and respectability, can alone betriend you. He who places himself under DR. KINKELIN'S treatment, may religiously coulide his honor as a rentleman, and in whose bosom will be for ever locked the secret of the patient.

Country Invalids.—Fisding it inconvenient to make personal application, can, by stating their case explicitly, to gether with all their symptoms, (per letter post-pand,) have forwarded to them a chest containing Ur K.'s medicines, appropriated accordingly, and be cured at home.

Testimost of the Prof. of Obstatues in Penn Colling, Philadelphia—DR. HUNTER'S MEDICAL MAN-UAL.—The author of this work unlike the majority of those works who advertise to cure the diseases of which it treats, is a graduate of one of the best Colleges in the United States. It affords me pleasure to recommend him to the unfortunate, or to the victim of malpractice, as a successful and experienced practitioner, in whose honor and integrity they may place the greatest confidence.

and experienced practitioner, in whose bonor and integrity they may place the greatest confidence.

JOSEPH LONGSHORE, M. D.

FROM A. WOEDWARD, M. D., OF PENN. UNIVERSITY, PRILADELPHIA.—It gives me pleasure to add my testimony to the professional ability of the Author of the "Medical Manual." Numerous cases of Diseases of the Genital Organs, some of them of long standing, have come under my notice, in which his skill has been manifest in restoring to perfect health, in some instances where the patient has been considered beyond medical aid. In the treatment of Seminal Weakness, or disarrangement of the functions, produced by self abuse or excess of vehery. I do not know his superior in the profession. I have been acquainted with the Author some thirty years, and deem it no more than justice to him, as well as a kindness to the unfortunate victim of early indiscretion, to recommend him as one, in whose professional skill and integrity, they may safely confide themearly indiscretion, to recommend him as one, in whose pro-fessional skill and integrity, they may safely confide them-solves.

ALF. WOODWARD, M.D.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objections bie matter, and no parent, however fastidious, e to placing it in the hands of his sons. The author has de-vated more very to the treatment of the serious voted many years to the treatment of the various complaints

voied many years to the treatment of the various complaints treated of, and 'with too little breath to pull,' and 'too little presumption to impose,' he basofiered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice "—Hérald.

"No teacher or parent should be without the knowledge imported in this invaluable work. It would save years of pain, mertification and sorrow to the youth under their charge. —Pagic's Adocals.

A Presbyterian elergyman in Ohio, in writing of "Hunter's Medical Manual, says:—"Thousands upon thousands of our youth, by evil example and influence of the passions, have been led into the habit of self-pollution without realizing the sau and fearful consequences upon themselves and ing the sin and fearful consequences upon themselves and posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Anything that can be done so to enlighten and influence the public mind as to check, and ultimately to remove this wide spread source of human wretebodness, would conter the greatest blessing next to the religion of Jesus Cluist, on the present and coming generations.
